

These fine "gentlemen" are **BLUE RIOT COMBO**:

Hoboken Slim: Drums & Vocals

Played with D-Regulators, Mighty Bandini Brothers, The Zoomatics and others.

Switched from harmonica to the "best seat in the house" to achieve a lifelong dream. However, his harmonica playing allowed him to learn about the early masters, a.o. Little Walter, Sonny Boy Williamson, Muddy Waters, Howlin' Wolf, etc...

Allergic to rock, disguised as blues. A bit of a "purist" and a big fan of sincere, old school music.

Al C.: Upright bass & Vocals

Guitar player, singer, bass player, driver, bar owner, drummer, roadie, to name a few...

Is there something this man cannot do?!

Took up the upright bass especially for this band.

Played with The Boogie Men, The Blades, The Cavemen, The Zoomatics, and others...

W.B.: Harmonica

Can we speak of a harmonica "monster" in **W.B.**'s case? Yes, we can! Started off his career with The Wild Ones, went on to play with Vaya Con Dios, Purple Prose (with Dani Klein), The Mighty Bandini Brothers, a.o. For **W.B.**, Little Walter is the real "King".

B.J.: Guitar

The "youngster" of the band.

Made his debut with 6Pack, a rock cover band and then played the guitar in a few blues bands.

The years after that are a bit of a blur, but in 2015, **B.J.** started attending blues jams again, and met **Hoboken Slim** at one of them.

Starting an old style bluesband together was a no-brainer.
